

Declaration of Compliance

We declare that all Surge Protection Devices (including surge protectors, power boards, and related electrical accessories) supplied to the Australian and New Zealand markets are designed, manufactured, and tested to meet or exceed applicable safety and regulatory requirements.

Specifically, Belkin International confirms that:

- All applicable products comply with the Electrical Equipment Safety System (EESS) requirements and are registered where required
- Products carry the Regulatory Compliance Mark (RCM) where applicable
- Products are tested in accordance with relevant Australian/New Zealand standards, including but not limited to AS/NZS 3105, and applicable international standards such as IEC safety standards
- Products undergo rigorous internal and third-party testing to ensure electrical safety, performance, and durability

For further information regarding product compliance, certifications, or testing documentation, please contact Belkin International through our official support channels.

This statement is based on information and/or testing provided by Belkin International and / or its suppliers and is accurate to the best of our knowledge.

Yours sincerely

Stephanie Caulfield
Managing Director, ANZ
