

Optional Field Service Accessories for Secure KVM/KMs.

Belkin’s Cybersecurity solutions include NIAP certified secure KVMs that use an external power supply. The external nature of the power supply allows for easy field replacement should the supply fail, eliminating the need to return the entire unit for service. The following details the replaceable power supply part numbers available for secure 2-port and 4-port KVMs, KMs, and Windowing KVMs. “NA” refers to North American prongs, “EU” to European Union standard prongs, “UK” to United Kingdom, and “AU” to Australian power prongs. Please contact Belkin sales for pricing and availability.

Power supplies for your Secure KVM/KMs.

Power Supply Compatibility

Part Number	0401-00853	0401-00811	0401-00556 (REPLACED 0401-00348)	0401-00349
Description	Power Adapter Kit, 12V/2.5A with WW Mains Connector for Universal Series SKVM	Power Adapter Kit, 12V/2.5A with WW Mains Connector for Modular Series SKVM	Power Adapter Kit, 12V/1.5A with WW Mains Connector	PSU, LEI, MU42-3120300-A1, 12V/3A, US, LVL 6, WM
