Secure. Certified. Connected.

Delivering innovative, NIAP PP 4.0 certified peripheral sharing solutions.

What Is New about Protection Profile for Peripheral Sharing Devices ver. 4.0?

NIAP released Protection Profile 4.0 for Peripheral Sharing Devices in July 2019

- Modular structure specification gives a greater flexibility to rapidly adapt to changing needs

- Reduced requirements on certain PP 3.0 constructs (active anti-tamper, logging)

- Expanded secure video conversion and output options

- Analog audio output security upgrades to protect against ultrasonic attacks

- Certification criteria for remote control options

- And more

Possible threats from unauthorized and untrusted peripheral devices
