

Be Ready For Today™

Connect DisplayPort Cables (8K, 10K)

Bring viewing and gaming to vibrant life with DisplayPort Cables that come in convenient lengths for different source-to-display setups. DisplayPort supports UHD displays in crystal-clear resolutions. They're durable, flexible and easy to manage for console gaming, home entertainment and desktop or laptop setups.

 Connect to UHD displays to bring viewing and gaming to life with immersive 8K and 10K (DisplayPort) with audio

 Supports higher display data transfer between gaming console and TV/display sources (up to 54Gbps)

 Unleash full-speed Game Mode with minimal latency

 Conveniently fits your setup with a variety of lengths
